- This Price List is designed to provide clients with a detailed overview of the Charges related to Application Services fees and will be effective from 16 March 2026 unless otherwise specified in the individual sections.

# 1. GENERAL PRINCIPLES

- Application Services fees relate to Charges for the network configuration and management of unicast and multicast services.
- Clients should review the documentation covering the Connectivity Services offering to ensure the necessary requirements are understood.
- Clients are charged for Application Service fees based on the services to which they subscribe.
- Application Services fees are applied to Members via WAN, Service Providers via WAN and Services Providers via Service Providers.
- Fees for Market Data Application Services (multicast and unicast) are per service and per Port, in the case of CMC Services, or per service and per circuit, in the case of EMC Services. In the case of a Service Provider behind a Service Provider, Market Data Application Services fees are applicable per Client Site.
- Trading/DropCopy/RiskGuard Application Services (unicast) fees, applicable to Members, are per Client Site.
- Unicast Participant access fee for the Order Entry Gateway (Trading, DropCopy and RiskGuard) is applicable to Service Providers per connected End User, regardless of the connected Service Provider Sites.
- Clearing Application Services (unicast) fees are per Client Site and based on the role of the End User with regards to Clearing Services (General Clearing Member, Individual Clearing Member and Non-Clearing Member).
- Euronext Securities Application Services (unicast) fees are per Client Site and based on the number of Euronext Securities CSDs to which the client has access. Clients interested in accessing any Euronext Securities services via CMC or EMC are invited to contact the relevant CSD directly in advance to determine if such Euronext Securities services are available via CMC and EMC, and to enter with the relevant CSD into the respective Other Euronext Agreement to obtain the Euronext Securities service.
- In the case that Clients are connected to the DR Data Centre, no Application Service fees are due on that Access Port/circuit.
- Billing will be automatic, regardless of whether the Connectivity Services are used by the Client or not. Full payment is due for every calendar month.
- Euronext may at its sole discretion allow its Clients to subscribe on a non-discriminatory basis to temporary validation tests or comparable undertakings regarding new or ancillary Connectivity Services, which may give rise to different Charges as set forth herein.
- Detailed Connectivity Pricing is described in this Price List.
- Charges set out herein that are not amended by means of this updated Price List may be amended by Euronext at a later stage in 2026.
- Prices are indicated in EUR and are excluding any applicable Taxes (including VAT).

- Euronext will apply fee waivers until the production Go-Live of Euronext Athens Market financial instruments on the Optiq® platform (*Euronext Athens Go-Live*) for:
  - Application Services fees with respect to the Euronext Athens Markets solely;<sup>1</sup> and
  - Euronext Athens Markets Only Clients.<sup>2</sup>
- The Charges set forth in this Price List may be subject to an annual price adjustment, which is expected to be applied before the Athens Go-Live occurs.

---

<sup>1</sup> Euronext Athens Markets means the Markets operated by Hellenic Exchanges-Athens Stock Exchange S.A. as per the date hereof.

<sup>2</sup> "Euronext Athens Markets Only Client" means a Client that uses its Cabinet(s) solely to connect to the Euronext Athens Markets (regardless of whether as Member or as Service Provider), and not (i) to connect to or access any other Markets (directly or through another Client and regardless of whether for trading or to obtain or to disseminate Data or otherwise), or (ii) to provide services to other Clients or End Users hosted in other Cabinets.

## 2. APPLICATION SERVICES FEES FOR MEMBER

A “**Member**” is an entity that has been approved as such by Euronext under the Rules and is authorised to access the matching engine subject to its own risk management processes. Any entity that trades via a broker or a clearing firm will, for pricing purposes only, be considered a “Member” hereunder.

**It is understood that for Members receiving MDG Lite only, the fees for up to 100 Mbps bandwidth are applicable, as described in section 2.1 below, “Market Data Application Services fees for Members”.**

An “**ISV (Independent Software Vendor)**” is an entity that has been approved as such by Euronext under the Rules. ISVs are authorised to access the EUA environment for development purposes only. As a consequence, no ASFs are due for Clients qualifying (only) as an ISV.

### 3. APPLICATION SERVICE FEES FOR SERVICE PROVIDER

A “**Service Provider**” means a Client providing Application Service Provider (ASP) Services or Extranet Service Provider (ESP) Services. Any (re)distributor of Data authorised by Euronext or any of its Affiliates to do so under a Data Licence will, for pricing purposes only, qualify as a Service Provider hereunder.

**Please note that clients wishing to be approved by Euronext as an accredited Service Provider, which can offer physical access to the system through their own infrastructure and network, are required to complete the Service Provider’s application questionnaire and conclude a Service Provider Accreditation Agreement.**

The Service Provider’s response, once completed and submitted to Euronext by the Client, will allow Euronext to make a fully informed assessment of the Client’s proposed SP Services and determine if the Client and the SP Services are fit for purpose. For more information, please refer to the **Service Provider Accreditation Agreement**.

**It is understood that Cash or Derivatives Market Data Application Services fees are applicable also to Service Providers receiving MDG Lite only.**
